Foreign Broadcast Information Service
Honolulu, Hawaii, T. H.

Dear Joe:

[Redacted] called on us in Washington, as you said she would, and discussed her possible transfer some time before the summer of 1949.

25X1

You are acquainted with the possibilities of such a transfer, and I need not go into further detail. I will try to work it out some time before next summer.

Since [Redacted] came to Washington at her own expense and spent the better part of three days in our office, during which time we oriented her as best we could in our operation, I feel it only fair that we credit her for two full days duty on the 14th and 15th of December. You are authorized to do so.

25X1

Sincerely,

L. A. White
